The K-Bot is **Ur**

Exclusive Smart Swivel stops cable tangles

Amazing AUTOSCAN

Advanced technologies deliver precise auto scanning and total cleaning efficiency

Suitable for every pool shape

K-Bot RX Series – the most innovative new pool cleaner technology and efficiency.

K-Bot RX Series Robotic Pool Cleaners quickly and efficiently clean almost any size and shape pool.

Installation's a breeze, just plug your K-Bot in and it's away.

Its safe, economical digital switch mode power supplies is less than 30 volts DC.

High-speed motors and an ultra-fine filter vacuum, scrub and brush dirt and debris away – without placing any load on your pump and filter system.

When your K-Bot RX cleaner's automatic timer's done – in 3 hours or less – it'll turn itself off. Just lift it out, empty the convenient filter bag or cartridge, and stow it away till next time.

It's that quick and easy.

The exclusive K-Bot Smart Swivel ensures the cable never tangles while amazing AUTOSCAN systematically scans your pool shape and size for a perfect clean.

- Environmentally friendly
 - Reduce chemical use
